

National Framework of Qualifications.

The specifications for all QQI awards are available on the QQI website: www.qqi.ie under Awards Information. You can search by the name of the award, the award code and the level of the award.

What is the National Framework of Qualifications?

The National Framework of Qualifications (NFQ) is a framework that describes the qualifications in the Irish education and training system and how they interlink.

The many different types and sizes of qualifications included in the NFQ, are organised based on their level of knowledge, skill and competence. The frameworks describe what learners should know, understand and be able to do on the basis of a given qualification. It also shows how learners can move from one qualification, or qualification level, to another within a system.

The NFQ can help you make informed choices about your education and training and identifying the progression routes and career options available. Qualifications in the NFQ are recognised nationally and internationally. For further information see www.nfq.ie.
