Upcycling Furniture Course

The aim of this course is give students a practical introduction to basic painting, distressing and finishing techniques so as to breathe new life into second-hand furniture and homeware. Students will also have the option to upcycle other household items, using decoupage to personalise any household items using different papers and with paint effects.

The first night of the course will be demonstration led. Students will be given a list of materials required.

The remainder of the course will be hands on. Students will be given the opportunity to work on their own personal piece of furniture or household item, under guidance. It is recommended to start on small pieces of furniture, as storage space is limited.

Starting Thursday 31st January 7.00 - 9.00
